

*Your Bridge to Communication*

## TOEIC™ Preparation Course

*“Before, a good score was enough, but now you have to be able to perform in real time.”*

The Test of English for International Communication (TOEIC™) is an examination that thoroughly evaluates the ability to communicate in English anywhere in the world. This preparation course is for any non-native English speaker who wants to work at a foreign firm or use English in their Japanese company. Those who want to raise their TOEIC™ score may first think of using computers, CDs and books, but this alone is not effective.

At DUDULA, our goal is to help you navigate the TOEIC™ to improve your score. Our native English speaking instructors will teach you the strategy for improving your TOEIC™ score and are available for resume consultation and preparation.
